IAN TEMPEST WEIGHT THROW TROPHY

This trophy was originally presented in 2006 by Ian Tempest for the longest outright weight throw at the reunion. Unfortunately, it suffered a mishap in 2014 and lost one of its delicate handles. Ian replaced the award immediately but found it difficult to throw the elegant, slightly damaged trophy away. The other handle was removed and the trophy recycled back into the annual awards to create a Ladies equivalent. Although the first ever Hammer Circle weight competition was won by a female in 2005 the younger males now dominate in terms of distance. Its first recipient was in 2014 although a list of the best female results is shown from the very start of the Hammer Circle Weight Throw history.

WINNERS

2005	SEN	Shirley Webb	9.08kg	20.63m
2006	U17	Hayley Murray	7.26kg	14.42m
