THE PAYNE TROPHY

A magnificent large glass 'jar' engraved with hammer throwers, on a plinth and in it's own lined box.
Presented by Howard Payne in 1981 for the
person adjudged to have made a major contribution to the Hammer event.
This is mainly aimed at the non active thrower. A precedent was set almost straight away, 1983, that it would not be awarded just for 'the sake of it'
