THE PAULINE SPICK TROPHY

Pauline Spick was the Warden at Grendon Hall offering the Hammer Circle support in the organisation of its annual reunions from 1981 to her retirement in 1991. Pauline returned to Grendon every year up to 2003 to award an individual trophy to the most improved female thrower.

In 2006, The Hammer Circle provided an annual trophy to be presented at the reunion for the thrower who has made the most improvement, by distance. In accordance with Pauline's wishes, this award was restricted to U17 or U20 throwers. To recognise the high standard of young women's throwing it was agreed at the 2009 AGM that only distances greater than 40m would be considered.

In 2014 the U17 girls hammer weight changed from a 4kg to a 3kg forcing another change the criteria for this award. From 2015 this award will mirror the men's Sedykh Programme and be awarded to the female member who has made the most improvement, by distance, over 50m with the 4kg hammer.
