THE SEDYKH PROGRAMME

This is a programme from the Cork City Sports 37th Annual Track & Field Meeting in 1985. Yuri Sedykh won the event in 1984 with a new World Record of 86.34m. The 1985 programme featured Youri on the front cover which he signed with his name and 1984 distance. It is believed that the wording underneath is 'World Record' in Russian.

The programme was presented to the Hammer Circle in 2006 by Allan Staerck who wished it to be used as an award. In 2009 it was agreed to use the Sedykh Programme to replace the missing Partizan Trophy and awarded to the '**most improved 7.26kg hammer thrower in Great Britain'.** for throwers over 60m
