THE ALAN WOODS SALVER

Hammer Circle Vice-President Alan Woods presented this magnificent trophy to the Hammer Circle at its “Annual Reunion” held at Hull in October 2013.

Alan is a Senior (now Masters) thrower, with a distinguished Club career for Woodford Green A.C. and Birchfield Harriers. A regular National League competitor, he won the Midland Counties AAA Championships on several occasions, the British Masters many times and gained a University “Blue” at Birmingham University, where he trained with the great Howard Payne. Sixth in the UK Championships in 1978, he set a French Regional Record during his time abroad.

During his career in Lloyds Bank, Alan won the Bank’s Salver every year for the best Field Athlete; so the name “Salver” has great sentimental appeal to him. Being a Latin scholar, he explains that the verb ”Salvere” means to preserve from risk and to wish “Well and healthy”. Ceremonial salvers have been used as major sporting trophies, most notably a sterling silver salver as the Ladies' Singles trophy in the Wimbledon tennis championships, since 1886, and from 1978 onwards, for the runner-up at the Masters Golf.

Alan started hammer throwing at School at the age of 14 and so The Alan Woods Salver was presented for the best throw in the year by an Under 15 Boy who is a member of The Hammer Circle. With new age groups from 2026, this will now be defined as an U16 with the 4kg hammer.
